MEMORANDUM FOR: Deputy Director, Research and Reports

25X1
THROUGH:

SUBJECT: Briefing for the Director on Economic Programs
in Southeast Asia

25X1A9A

Attached are notes I used in the subject briefing on Tuesday, 16 November. I had a little additional material on the rather vague future plans of [redacted] group plus a list of ORR projects in which they might be interested --- but because of interruptions for questions (mainly on the strategic importance of tin), I ran out of time and could not use it.
